

How can we measure...

Length

Use a ruler or measuring tape to measure height or length in:

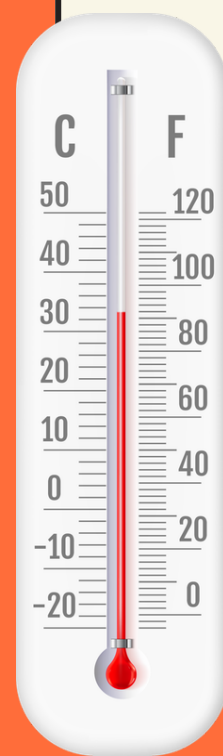

Metres (m)
Centimetres (cm)
Millimetres (mm)

Temperature

Use a thermometer to measure how hot or cold it is in:

Degrees Celsius
(°C)

Weight

Use scales to measure how heavy it is in:

Kilograms (kg)
Grams (g)

Time

Use a stopwatch, watch or calendar to measure:

Days
Hours (hrs)
Minutes (mins)
Seconds (secs)

Volume

Use a measuring cylinder to measure:

Litres (L)
Millilitres (mL)
